Pursuant to a change in the state law as of July 1, 2014, all schools (public and private) must present a list of scheduled emergency drill requirements to our local county emergency management coordinator in Monroe County. We are also required to publicly document drills on our website within 30 days of completing each one. These dates will remain on the website for a minimum of three years.

\*This drill will be held during lunch or recess period when a significant number of students are gathered, but not in a classroom.
